

ANKIT KUMAR

Full Stack MERN Developer | AWS Cloud, DevOps Automation & Linux Specialist

Greater Noida, UP, India | +91 9162023903 | as3000610@gmail.com | linkedin.com/in/ankit-kumar8582 | github.com/ankit8582

PROFESSIONAL SUMMARY

Results-driven **MCA postgraduate student at NIET** with proven expertise in **Full-Stack Web Development (MERN)**, **AWS Cloud Infrastructure**, **DevOps Automation**, and **Linux Administration**. Proficient in engineering dynamic React.js frontends, building secure RESTful APIs with Node.js/Express, and managing MySQL/MongoDB databases. Experienced in deploying and automating cloud workloads on **AWS EC2** with **Nginx Reverse Proxy**, **PM2**, and custom **VPC architectures**. Strong problem solver dedicated to shipping scalable software solutions.

EDUCATION

Master of Computer Applications (MCA) — Noida Institute of Engineering & Technology (NIET), Greater Noida, UP 2024 – 2026 **GPA: 7.6 / 10**

Bachelor of Computer Applications (BCA) — Babasaheb Bhimrao Ambedkar Bihar University (BRABU), Muzaffarpur, Bihar 2020 – 2023 **72.08% (Distinction)**

TECHNICAL SKILLS

- Languages & Web:** Java (Core & OOPs), Python, JavaScript (ES6+), C, SQL, HTML5, CSS3, Tailwind CSS, Bootstrap
- Full-Stack & APIs:** React.js, Node.js, Express.js, RESTful APIs, JSON, JWT Authentication, Role-Based Access Control
- Databases:** MySQL, MongoDB (Mongoose ODM), Relational DB Design, CRUD Operations, Indexing, Schema Modeling
- Cloud Infrastructure (AWS):** Amazon EC2, S3 Storage & Hosting, RDS (MySQL), VPC Architecture, IAM Roles & Policies, Security Groups, Route 53
- Linux & DevOps Tools:** Ubuntu Linux, Bash Scripting, File Permissions & Users (chmod, chown), Nginx (Reverse Proxy), PM2, Git, GitHub, Postman, VS Code
- Core CS Fundamentals:** Data Structures & Algorithms, Object-Oriented Programming (OOPs), Computer Networks (TCP/IP, DNS), OS, DBMS

KEY PROJECTS

- TeamTaskOps – Full Stack Deployment & DevOps Automation on AWS** [AWS EC2, Linux, Nginx, Node.js, React.js, MongoDB, Git]
 - Engineered and deployed a production-grade full-stack MERN application on AWS EC2 (Ubuntu Linux) using Nginx as a reverse proxy.
 - Configured isolated VPC networking, public/private subnets, Security Groups, and Elastic IP for secure API and database accessibility.
 - Automated server setup, dependency installations, and process monitoring via Linux Bash scripts and PM2 for zero-downtime deployments.
- AWS 3-Tier Enterprise Web Application & Cloud Infrastructure** [AWS EC2, VPC, Nginx, MySQL RDS, S3, Linux Bash]
 - Architected and deployed a multi-tier web application architecture on AWS EC2 (Ubuntu Linux) fronted with Nginx Reverse Proxy.
 - Configured custom AWS VPC with isolated subnets, Internet Gateway (IGW), least-privilege Security Groups, and Amazon S3 asset storage.
- Online Course Management & Full-Stack Learning Platform** [React.js, Node.js, Express.js, MongoDB, JWT]
 - Engineered full-stack educational web platform supporting Role-Based Access Control (Admin, Instructor, Student) with interactive dashboards.
 - Integrated course tracking, live class scheduling, media management, and secure token-based JWT authentication with Mongoose validation.
- Team Task Manager (Collaborative Project Workflow Platform)** [React.js, Node.js, Express.js, MongoDB, JWT, Tailwind CSS]
 - Developed collaborative MERN application with interactive task boards (To-Do, In-Progress, Done), priority tags, and due-date alerts.
 - Integrated role-based access for Project Managers and Members, building scalable RESTful APIs with efficient MongoDB schema design.
- Digital Menu Card (Digi-Menu Card)** [HTML5, CSS3, JavaScript, Responsive Web Design, QR Code]
 - Developed a responsive digital menu accessible via QR code scan for instant mobile browsing with category filtering and zero external dependencies.

CERTIFICATIONS & PROFESSIONAL STRENGTHS

- Java Concepts Certification** — Infosys Springboard
- Full Stack MERN Web Development** — Specialized Coursework
- Core Strengths:** Problem Solving, Agile Teamwork, Modular Architecture
- TechA Web Designing Foundation** — Infosys Springboard
- AWS Cloud Foundations & Linux Networking** — Practical Training
- DevOps Practices:** CI/CD Workflows, Automation, Nginx Reverse Proxy
